DETAILED ACTION

Allowable Subject Matter

1. The following is a statement of reasons for the indication of allowable subject matter: Claim 1 is allowable over the art of record because the prior art does not teach the PIFA is mounted above a ground plane, the PIFA having a first side facing a plane containing the ground plane, and wherein the parasitic element is located above a second side of the PIFA that is opposite the first side, and in combination with the remaining claimed limitations.
2. Claim 7 is allowable over the art of record because the prior art does not teach the parasitic element is mounted on the surface, wherein the surface is between the PIFA and the parasitic element, the surface comprises at least a portion of a case of a wireless communications device, and in combination with the remaining claimed limitations.
3. Claim 8 is allowable over the art of record because the prior art does not teach wherein the parasitic element conforms to a surface that is above the PIFA antenna and the parasitic element is mounted on the surface and the surface comprises at least a portion of a case of a wireless communications device, and in combination with the remaining claimed limitations.
4. Claim 15 is allowable over the art of record because the prior art does not teach wherein the parasitic element conforms to a surface that is above the PIFA and the surface comprises at least a portion of a case of the wireless communications device, and in combination with the remaining claimed limitations.
